

TUBE DRYER

TR-TECH

EASY DRY

EASY DRY Independent functioning tube dryer kit that guarantees immediate economic saving.
Considering an average air consumption, for a system of traditional drying of 1200 NI/min each line, it results a electrical savings of around 4KW (€ 0.78) per hour of work.

Designed to operate without air and without vacuum, therefore with total absence of noise.

Product code: 1292

Possible compositions:

- Bath supports.
- Membranes with selected holes.
- Bodies diameter 120 with 3 membranes for tubes from 1.5 to 14 mm.
- Bodies diameter 120 with 2 membranes for tubes from 1.5 to 14 mm.
- Bodies diameter 150 for tubes from 12 to 35 mm.

TUBE DRYER

AIR DRY

TR-TECH

AIR DRY Compressed air dryer kit.

- Through ducts appropriately obtained inside the two walls, the air pushes out the water left on the tube during the passage in the cooling tank.
- At the exit of AIR DRY, the tube is ready to be towed and then cut or coiled.
- Each AIR DRY is sized on the external diameter of the tube, in such a way as to guarantee perfect drying.
- AIR DRY is available for tubes with external diameter from 2 to 22mm, or at the customer's request.
